Our Product Range

Complete healthcare solutions under one roof.

01

Cardiac & Patient Monitoring Solutions

Essential equipment for monitoring patients and supporting cardiac care.

02

Medical Equipment Accessories & Consumables

Compatible and original accessories and consumables for a wide range of medical equipment.

03

Respiratory Care Solutions

Reliable respiratory care products for hospitals, clinics and home healthcare requirements.

04

Fetal & Maternal Care Equipment

Essential monitoring equipment for maternity, obstetrics and gynecology departments.

05

Surgical Products

Quality products and accessories for surgical and operation room requirements.

Cardiac & Patient Monitoring Solutions

Essential equipment for monitoring patients and supporting cardiac care.

Multipara Patient Monitor

Comprehensive vital signs monitoring for critical care.

Table Top Pulse Oximeter

Accurate and continuous SpO2 monitoring.

Finger Tip Pulse Oximeter

Quick and reliable SpO2 measurement on the go.

ECG Machine

Precise cardiac diagnostics with clear waveform recording.

ECG Cables

High-quality cables for accurate signal transmission.

BP Apparatus

Reliable blood pressure monitoring for everyday and clinical use.

Fetal & Maternal Care Equipment

Essential monitoring equipment for maternity, obstetrics and gynecology departments.

Fetal Monitor

Continuous and accurate fetal and maternal monitoring for safer births.

Digital Fetal Doppler

Clear and safe fetal heart rate detection for peace of mind.

Respiratory Care Solutions

Reliable respiratory care products for hospitals, clinics and home healthcare requirements.

01

Oxygen Concentrator

Reliable and efficient oxygen concentrators for continuous oxygen therapy at hospitals, clinics and home care settings.

02

Nebulizer

Effective nebulizers for delivered respiratory therapy, suitable for both adult and pediatric use.

03

CPAP Machine

Advanced CPAP machines for the effective treatment of sleep apnea, ensuring better sleep and improved quality of life.

04

BiPAP Machine

High-performance BiPAP machines for patients requiring advanced respiratory support and non-invasive ventilation.

05

CPAP / BiPAP Mask

Comfortable and high-quality masks in various designs for a secure fit and optimal therapy performance.

06

Disposable & Reusable Ventilator Circuit

High-quality ventilator circuits available in disposable and reusable options, ensuring safe and efficient ventilation support.

07

Silicon Ambu Bag

Durable and reliable silicon ambu bags for emergency and resuscitation needs in hospitals, clinics and home care settings.

08

LED Laryngoscope

Enhanced visibility for safer and more effective intubation in emergency and critical care settings.

OT Products

Essential solutions for a safer, cleaner and infection-free operation theatre environment.

01

DISINFECTION FOR SAFER SURGERIES

OT Disinfectant

High level disinfectant for critical areas.

- Broad spectrum antimicrobial action (bacteria, viruses, fungi)
- Ideal for Operation Theatres, ICUs and critical areas
- Effective surface disinfection
- Suitable for hospital and professional use
- Helps maintain a safe and sterile environment

02

WIDER COVERAGE FOR A HEALTHIER ENVIRONMENT

Fogging Solutions

Disinfection solutions for air and surface fogging in OT and hospital areas.

- Effective against a wide range of pathogens
- Ideal for OT, ICUs, wards and high-risk areas
- Compatible with ULV and thermal fogging systems
- Helps reduce airborne and surface contamination
- Supports a cleaner, healthier hospital environment

03

CLEAN SPACES FOR BETTER CARE

Cleaning Products

Hospital grade cleaning solutions for OT and critical areas.

- Effective removal of dirt, grease and bio-burden
- Suitable for floors, walls, equipment and surfaces
- Non-corrosive and safe on medical equipment
- Available in multiple formulations for different needs
- Helps maintain hygiene and infection control
